Re: 11-75

I oppose the sale of WMFE-TV Orlando to Daystar Television Network. This is a religious broadcaster who clearly does not understand the world-view of public television. Furthermore, it is in the best interest of Orlando to maintain a public television station within our own market, and not owned by a Texas-based firm.

My family has been a financial supporter of WMFE-TV for years. We enjoy the children's television programs, Nature, and Masterpiece Theater.

If we wanted to watch religious programming, we'd watch another channel.

Sincerely,
